

4' Conveyor

## Infinity Solutions Conveyor / Stacker Systems

Bri-Lin introduces the newest members of the Infinity Solutions product line with the release of the Conveyor/Stacker System. Designed for increased production capacity and available in two models, the Conveyor/Stacker system offers an out of the box solution for an immediate return on investment. Simply attach to the existing conveyor and the unit vertically stands the forms and stacks them horizontally for increased capacity of up to 1,200 or 3,000 documents.

The Infinity Solutions Conveyor/Stacker is completely manufactured in the United States and its durability is unmatched in the industry.

### Features

Vertically Stands the Form for Increased Capacity

Desktop Model for Space Savings

Attaches to Bri-Lin & PSMailer Pressure Seal Solutions with an integrated conveyor

Low Maintenance, Quiet

11" & 14" Forms

### Benefits

Improve Productivity

Simplicity of Design

Easy to Learn & Operate

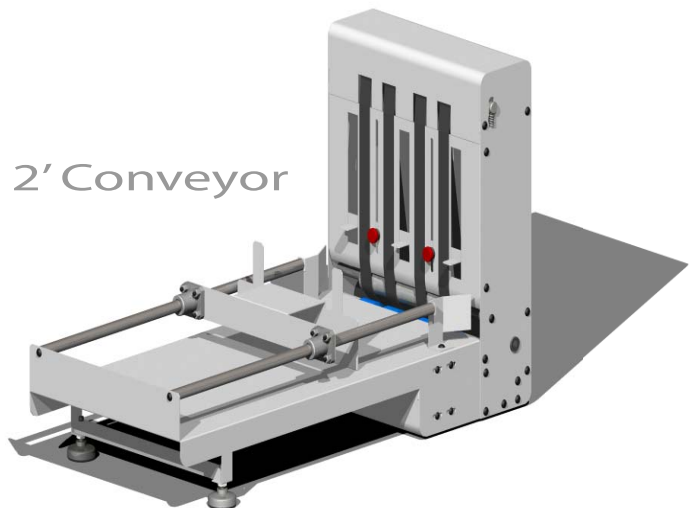

Compact & Durable
